Celebrating 50 years of supporting the Western Isles

Agilico, previously Highland Office Equipment, is celebrating our 50th anniversary this year. As Highland Office Equipment we have been operating in the Western Isles since May 1974 and we have always been proud of our excellent reputation for high sales integrity and first class after sales service in workplace equipment, furniture and technology.

With Calum MacRae, our engineer living and working in Stornoway, and James Davison, our account manager visiting the islands at least once a month, we can provide unmatched local knowledge and support backed up by the country's leading workplace technology company. With their customer-first philosophy and deep expertise in managed print services and workplace technology you'll be in good hands with our local team.

We work with and support businesses, organisations and local charities of all sizes across the Western Isles.

At Agilico we serve more than 14,000 customers who, like you, are on a mission to build organisations fully equipped for success in the face of rapid and continuous change. You can expect outstanding service in everything we do as we strive to earn your valued loyalty every day.

At Agilico our shared goal is to maximise operational effectiveness and make work easier for people through the use of cutting-edge workplace technology.

Our expertise and experience spans five key areas:

- Managed print services that give organisations a highly dependable, secure and cost-effective print capability for their teams.
- Office furniture solutions covering all sizes and types of workplace, including working from home, with our free design service to maximise your space.
- Automated Invoice Processing systems that automatically capture, extract, route and post invoices into a finance system, delivering full visibility and control.
- Hosted VoIP telephony solutions that ensure teams and customers stay connected and collaborative from anywhere.
- Agile working solutions that give employees the power to operate effectively and efficiently no matter where they are.

World-leading photocopier and printer manufacturers Ricoh, Konica Minolta, HP and Canon partner Agilico.

Our hardware and software ranges can be blended into a complete document solution specifically designed for your needs. We'll always provide you with the best choice of equipment.

You'll find James and Calum to be friendly, helpful and experts at what they do. Please get in touch and see how we can make work easy for you.

From our introduction to Agilico, through in-depth research and on to installation we've found their team to be very informative and professional in helping us acquire the most suitable equipment with the best value leasing terms and conditions.

Agilico's quality is to a very high standard across all disciplines with direct and prompt technical back up on call and next day engineering support to site when required.

It's fair to say we are delighted with the contract we have in place. I get constant positive feedback from IHD staff of how user friendly the printers are and the quality they produce. I would highly recommend Agilico to other businesses.
